

Camouflage Coatings

MetaLine® Series 700 – Mission optimized surfaces for above & below water

Anti-glare and non-reflecting coatings for commercial and non-civil packaging and transport purposes. Watertight, cushioning, non-slippery, submersible, signature changing, electrically insulating – e.g. for packaging purposes of aviation spare parts, electronic devices or defense technology items.

Applications

- shipping boxes
- packaging displays
- transport containers
- foam inlays
- expedition / outdoor equipment

Reference

- maximum grip in dry conditions or even under water
- flammability “B2” according to German standards (DIN 4102)
- electrically, thermally and acoustically well insulating
