

Concrete Molds

MetaLine® Series 700 – Non-stick surfaces in fair faced concrete processing

Extremely smooth elastomeric coatings with excellent mold release properties – in order to obtain perfect surface qualities. Wear resistant, precise in its shape and fully corrosion resistant. The visual appeal of natural stone surfaces or graphical elements can be duplicated.

Applications

- molds
- formworks
- sculptures
- surface decorations

Reference

- suitable and functional for all concrete qualities
- massive reduction of the daily cleaning efforts
- layer thicknesses from 1.5 mm (60 mils) depending on the demolding cycles
